Job Posting
Land and Resources Technician
Deadline: March 31, 2020
FULL TIME / Contract

Missanabie Cree First Nation is looking for **Land and Resources Technician**

Qualifications:

The successful applicant should possess a post-secondary education in a field related to Natural Sciences and have experience in the land use planning, forestry or mining industries

The successful candidate should possess the following skills and criteria:

- Excellent written and oral communication skills
- Proven problem-solving and analytical skills
- Research and report writing
- Experience in developing policy or bylaw development for land or resource planning
- Experience with community consultation and facilitation processes
- Familiarity with mapping, plans and permitting process
- Proficient computer technical skills: Microsoft Office, Basic ArcGIS
- Knowledge of applying GIS, terminology and tools in an automated geographic environment
- Understanding of Environmental Regulations (CEAA) and reading Environmental reports.
- Reading and interpreting GIS mapping
- Knowledge of Missanabie Cree First Nation culture, traditions and Cree language would be considered an asset
- Knowledge of land permits/easements and surveys
- General health and safety knowledge and awareness
- Driver's Licence and own vehicle as travel may be required

Duties/Requirements:

- Analyzing and complete reporting requirements for plans and permits on a monthly basis
- Review planning documents provided by Ministry of Natural Resources, Ministry of Northern Development and Mines
- Collaborate with forestry and mining partners and coordinate meetings
- Monitor environmental concerns and provide solutions
- Deliver presentations to senior management, colleagues, clients/stakeholders, Missanabie Cree members and Council on strategic issues
- Share information with community members and gather traditional ecological knowledge
- Provide technical expertise to assist with the detailed assessment of lands and resources
- Prepare information packages related to land and resource application
- Assist and provide information to Chief and Council on land and land use issues
- Research, verify and compile land status reports on reserve lands for distribution when required to determine land tenure, accessibility and feasibility of a land transaction
- Some travel may be required
